INTRODUCTION TO ASIA ECOLODGE

➤ HISTORY AND ORIGINS

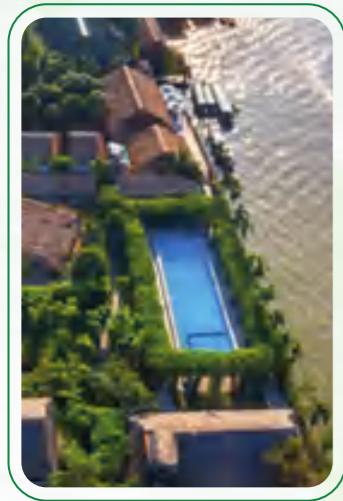

It all began after a two-month survey trip when the founders of Asia Ecolodge embarked on a new journey—a business opportunity that benefits both nature and cultural preservation in multiple regions through the creation of Ecolodges.

For the past 15 years, Asia Ecolodge has pioneered a chain of eco-resorts, not only offering sustainable travel experiences but also deeply connecting with local cultures at each destination.

> THE JOURNEY OF CREATING DESTINATIONS

Established in 2009, Asia Ecolodge was founded with the vision of creating retreats that blend seamlessly with nature and culture. Over the years, we have developed distinguished properties such as Mai Chau Ecolodge, Hue Ecolodge, Can Tho Ecolodge, and Mekong Lodge, becoming unique travel destinations within their respective regions.

> SUSTAINABLE PHILOSOPHY

Asia Ecolodge operates based on sustainable principles, ensuring minimal impact on the surrounding environment. Beyond providing luxurious accommodations, we are committed to supporting local communities, environmental protection, and the preservation of traditional heritage.

All our ecolodges—Mai Chau Ecolodge, Hue Ecolodge, Can Tho Ecolodge, and Mekong Lodge—allow guests to experience serene natural beauty combined with international-standard services.
